

City of Fayetteville Water Department

July 2006

Water Operations:

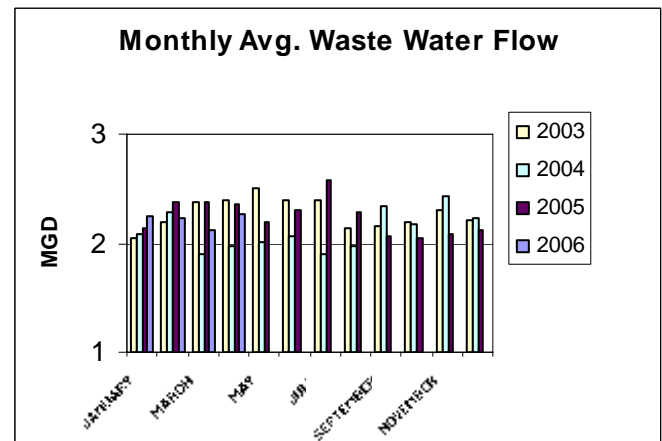

Our monthly usage was 58,063,500 gallons. This usage is 13.28% higher than this period last year. Our monthly water billed out is 57,677,499. This is a difference of .7% between usage/billed water. The rainfall for this month was 4.72 inches. This is below our ten-year average by .44 of an inch.

H2O Data:

The Water Plant produced 3,936,000 gallons for the month. The withdrawal from the combined wells was 19,234,000 gallons. This month we purchased 34,893,500 gallons from Fayette County Water, at a cost of \$73,476.35.

Sewer Operations:

The average daily flow for the Wastewater Plant was 1.9 MGD. The Wastewater Treatment Plant was in compliance with all of the permit requirements for this month.

Water Operations	H2O Data
Sewer Operations	Work Orders
WW Plant Expansion	Happenings

Work Orders:

Thirty-two work orders were issued for the month of July. Twenty were completed with twelve pending.

Happenings:

Congratulations go out to Randy Raven on receiving a Lifetime membership award in the Georgia Association of Water Professionals. This award is obtained by 30 years of membership and service in the Water or Waste Water Industry, signifying a lifetime of dedication to the water profession.

WW Plant Expansion:

The walls of the new digester have been poured and the new digester is taking shape. Also the flooring for the new sewage lift station have been poured to establish the base for the new wet well for the lift station. Work is continuing to come along with piping coming from the new equalization basin.
